## Benefits of Interschool Chess

Interschool Chess brings benefits to those children participating in the events. Whilst inherently improving their logical and creative thinking, children learn to interact with new people, to win and lose with sportsmanship, and to stand up for themselves. Participants will also develop confidence from representing the school, winning games, and receiving prizes. Most of all, students will HAVE FUN!

## 2012 Interschool Chess Calendar

Can be found in the schools section of our website. The calendar has all the dates and venue for each tournament. It is important to check the calendar regularly as changes may occur from time to time.

## How to Enter

There are two methods accepted for entering an Interschool Chess Tournament. **First** of these, is to fill out the entry form which can be found at the Gardiner Chess webpage.

The **second** method is to use the online entry portal which can also be found via the website.

Both of these links can be found on our schools' page:

*We suggest you bookmark this URL for future use for each time you want an update on anything to do with schools' chess.*

## Entry Fee

The entry fee approved by the **Chess Association of Queensland** is \$15 per player (including GST) for each one day event. This is invoiced to each school after each event. ## Which region is your school in?

To find out which region your school is in, please look in 'school regions' in <http://www.gardinerchess.com/schools/2012/schoolspage2012.htm>

## Registration

All teams **must** register before the day of the event - as per "How to Enter". On the day, the teacher or parent in charge of each school group should register their players' names at the main desk, giving any changes to the original pre-registration names.

## Lunch

We do not have official lunch breaks at our tournaments. There is normally plenty of time between games to eat lunch. Students should bring their own packed lunch. At most events canteen facilities are available.

## Information and Rules

For tournament information, including rules and regulations, copies of school newsletters, the 2012 chess calendar, interschool results, school regions and entry forms, please go to our schools' chess webpage <http://www.gardinerchess.com/schools/2012/schoolspage2012.htm>

## Queensland Junior Ratings List

All results from the Interschool Competitions are sent to the Queensland Junior Ratings Officer for rating. The rating for a player is an indication of their playing strength in comparison with over 2,000 other players on the list. We have found that playing in Interschool chess events and having a rating are two of the biggest motivators for juniors playing chess. The ratings officer produces an updated list every two months. The full ratings list, the top five for each region and an explanation of how ratings work can be found at <http://www.gardinerchess.com/ratings/ratings.htm>.

## Chess Coaching

Gardiner Chess provides ongoing chess coaching services to schools working with school staff to develop a chess culture within each school. This service is currently available in South East Queensland coastal regions, and in Northern Rivers NSW.
